Barefoot Benefit for Haiti

In light of the earthquake in Haiti, the Youth Group has decided that they would like to help. So, on February 19th, our high school youth will be hosting a lock-in benefit to support the Haiti Disaster Relief. The event will be called "The Barefoot Benefit." All 6th-12th graders are invited for an evening of fun, food, and little sleep. We will also be learning some about Haiti and its culture. Friends are welcome and other churches are being invited as well. If you know of another church that would like to attend, please see Martha for information. The "cost" for admission is either a shoe donation to "Soles for Souls" or a

financial donation to World Vision that will go directly to the Haiti Disaster Relief. You can do either or both. Sign up on the Youth Board if you are interested in coming.

Adults: We are going to need lots of support for this event. Please sign up on the Youth Board in one of the many areas to help or see Martha for more information.

Together we can make a difference!

Attention 2nd Graders

Attention 2nd graders: It's time to start preparing for your Stepping Stone in your journey of faith: receiving your Bible. We will have Bible Basics classes this month so that you can learn about the Bible and how to use it. The classes are on February 4th, 11th, and 18th at 6:30pm. Make sure that you bring your Mom, Dad, or some other cool adult with you. You won't want to miss out on these classes – they will make using your Bible easier. Then, after you have completed

the classes, you will be presented with your Bible on February 21st at either service. Make sure you mark these dates on your calendar, and please let Martha know if you have any questions or concerns.
